News Highlights

Programmes

Eight MSBM graduate programmes ranked among top Masters Programmes in Latin America

Eight of Mona School of Business and Management's graduate programmes recently received significant ranking in the 2021 Eduniversal Ranking of "the best Masters and MBA Programmes in 50 fields of study worldwide". Headquartered in Paris, Eduniversal is a global ranking and rating agency specializing in higher education. [Read More](#)

MSBM On-Demand Graduate Programmes Information Session

As part of Mona School of Business and Management's (MSBM) multimedia integrated marketing campaign - showcasing its suite of graduate programmes under the theme "Leading the Future; Leading the Change" - the School introduced and has now extended its On-Demand Graduate Programmes Information Session. The on-demand Session, now available until June 30, 2021, aims to sensitize prospective students to the School's offerings at graduate level and provide answers to frequently asked questions related to the application process. APPLICATIONS STILL OPEN – GRADUATE PROGRAMMES

Partnerships

Fourth Cohort officially launched for NCB/UWI Agile Laboratory Project - Shaping the Next Generation of Digital Talent

Mona School of Business and Management (MSBM) and The Department of Computing, UWI, Mona in collaboration with the National Commercial Bank (NCB) officially launched the 4th cohort of the Agile Lab Project on May 28, 2021. Now in its fourth year, the programme will provide another cohort of 15 final year students (interns) of the UWI Department of Computing with the opportunity to receive customized digital training over a three month period. [Read More](#)

JCC Sameer Younis Foundation partners with Caribbean School of Data on Digital Skills and Advocacy Training Programme

Tamieka Morris, Social Media Content Creator and Community Board Member for the Silverstone Community in Portmore, sought to gain new skills in order to assist older members of her community to better leverage technology. "I have been noticing that many older persons around me are struggling to use their computer and use their smartphones to conduct meetings. In order to help these persons in my community I must have the basic knowledge [myself]. The Caribbean School of Data's (CSOD) foundational training has provided just the opportunity. [Read More](#)

Young Innovator to get Digital Literacy Training

Oshane Dunstan is set to take a major step in his quest to become a car maker. The 23-year-old youth, who hails from St Simon in Rock River, Clarendon, is set to benefit from Flow Foundation's Skills for the Future Programme. The Skills for the Future Programme is being executed in partnership with the Caribbean School of Data, under the Mona School of Business and Management, and provides a foundational curriculum in digital and data literacy.
