TO: All New Undergraduate Students

FROM: **CAMPUS REGISTRAR**

DATE: August 5, 2021

RE: **Requirement to Complete the Foundation English Course in the First Year of Entry**

This is to advise that undergraduate students are required to register for the Foundation English course in their first year of entry. The Foundation English courses are as follows:

- FOUN1013 - Critical Reading and Writing in Social Sciences
- FOUN1014 - Critical Reading and Writing in Science & Technology and Medical Sciences
- FOUN1016 - Critical Reading and Writing in Humanities & Education
- FOUN1019 - Critical Reading and Writing in the Disciplines

Students are required to register for only one (1) of the aforementioned courses which is dependent on the faculty that the student is registered in.

Please note that students will not be permitted to progress to Year 2 in the following academic year unless the Foundation English course is successfully completed.
